Syd – Done deal - All of the fixed assets mentioned below have been entered into M+. We are not worried about the valve tagging portion at this time.

Charlie,

I believe we will capture the new equipment in M+ when we receive updated GIS spreadsheets from Jason. Fire Hydrants, power poles, and transformers will be captured in the spreadsheet and attached to the appropriate asset/PM Schedule.

I'm not sure of the status with valve tagging. We may need to verify if tags were installed as part of the project.

Thanks,

Josh

Subject: FTW336A Aircraft - Manager Plus

Charlie & Josh,

We are trying to submit a closeout package for the 336A Aircraft project and I need to ensure that Manager Plus is populated. Below please find hyperlinks to documents that will assist you in entering the applicable information into Manager Plus

- Fixed asset record - G:\Technical Services\Projects\FWA Projects\CLOSED JOBS\J101394 - 97 Service for FTW 336A Aircraft\Closeout Submittals\J101394-97 DU 1354.xlsx
- Manager plus data handover form. Once you enter the appropriate data into Manager plus please sign the form, scan and place into the same folder. G:\Technical Services\Projects\FWA Projects\CLOSED JOBS\J101394 - 97 Service for FTW 336A Aircraft\Closeout Submittals\FTW 336A manager plus data handover.pdf
- GIS maps - G:\GIS\Closeout\FWA\Closeout_Packages\J101394_395_396_397
- Record Drawings –G:\Technical Services\Projects\FWA Projects\CLOSED JOBS\J101394 - 97 Service for FTW 336A Aircraft\Closeout Submittals\Record Drawings

I know that I've submitted a lot of these to you over the last few weeks. Please let me know what I can do to make this less painful for you!

Let me know if you need any additional information.

Thanks!
